The ADP Difference

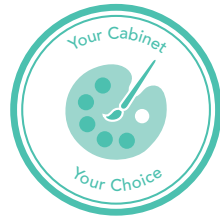

Laundry & photography by DIY Darma.

Buying Australian made means quality you can trust.

All of our cabinets are made from 100% Australian made board and are manufactured in our factory which is located just south of Sydney.

Personalise your laundry.

Choose from a wide variety of cabinet and benchtop colours, giving you endless combinations to find the style that's perfect for you.

Custom width cabinets.

All of our cabinets and benchtops are manufactured in-house, allowing us to custom make cabinets to the exact width needed.

ADP is committed to a sustainable future.

Buying locally made products means less carbon footprint. All of our cabinets are made from Australian board that is sourced from sustainably managed forests. Our environmental philosophy drives every aspect of our manufacturing process as we strive to minimise waste and maximise efficiency.

10 Year Warranty on cabinetry.

We believe our warranty is proof of our ongoing commitment to supply quality products. However, if something does go wrong, our highly trained team are here to help.

Where to start?

Plan Your Layout

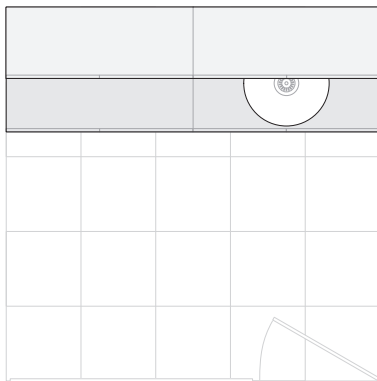

Measure Your Space

- Overall size of laundry.
- Floor to ceiling - we offer cabinets to suit different ceiling heights.
- Wall to wall. Don't forget to allow for tiles if the walls haven't been tiled yet.
- Size and location of doors and door clearances, windows and architraves.
- Waste and/or pipe positions.

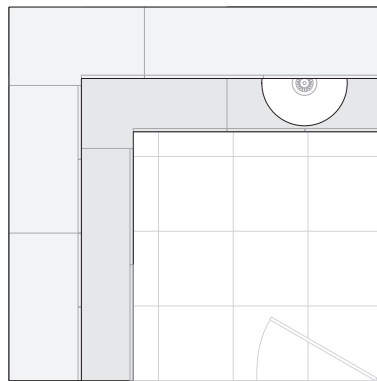

Choose Your Layout

Once you know how much space you have to work with, think about the layout of the laundry.

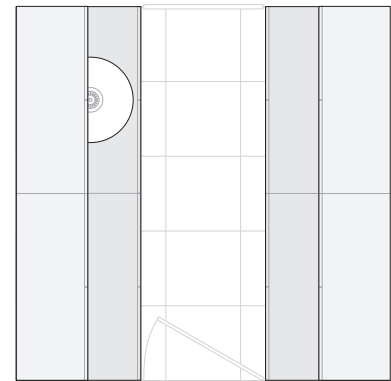

Straight run laundry

Ideal for small and narrow areas. Simple and practical.

L-Shaped laundry

Suits a larger area, giving you ample bench space and storage options.

Galley laundry

Ideal for wider areas. Ensure you think about function, for example where do you want to place the hampers in relation to your appliances etc.

Custom Width Cabinets

Most of our modular cabinets can be shrunk down in width between standard sizes for wall-to-wall applications. See page 27 for pricing.

How to make the most of customisable widths

Use our standard sized modular cabinet to fill the majority of your laundry, then order a custom width cabinet to fit the remaining space perfectly.

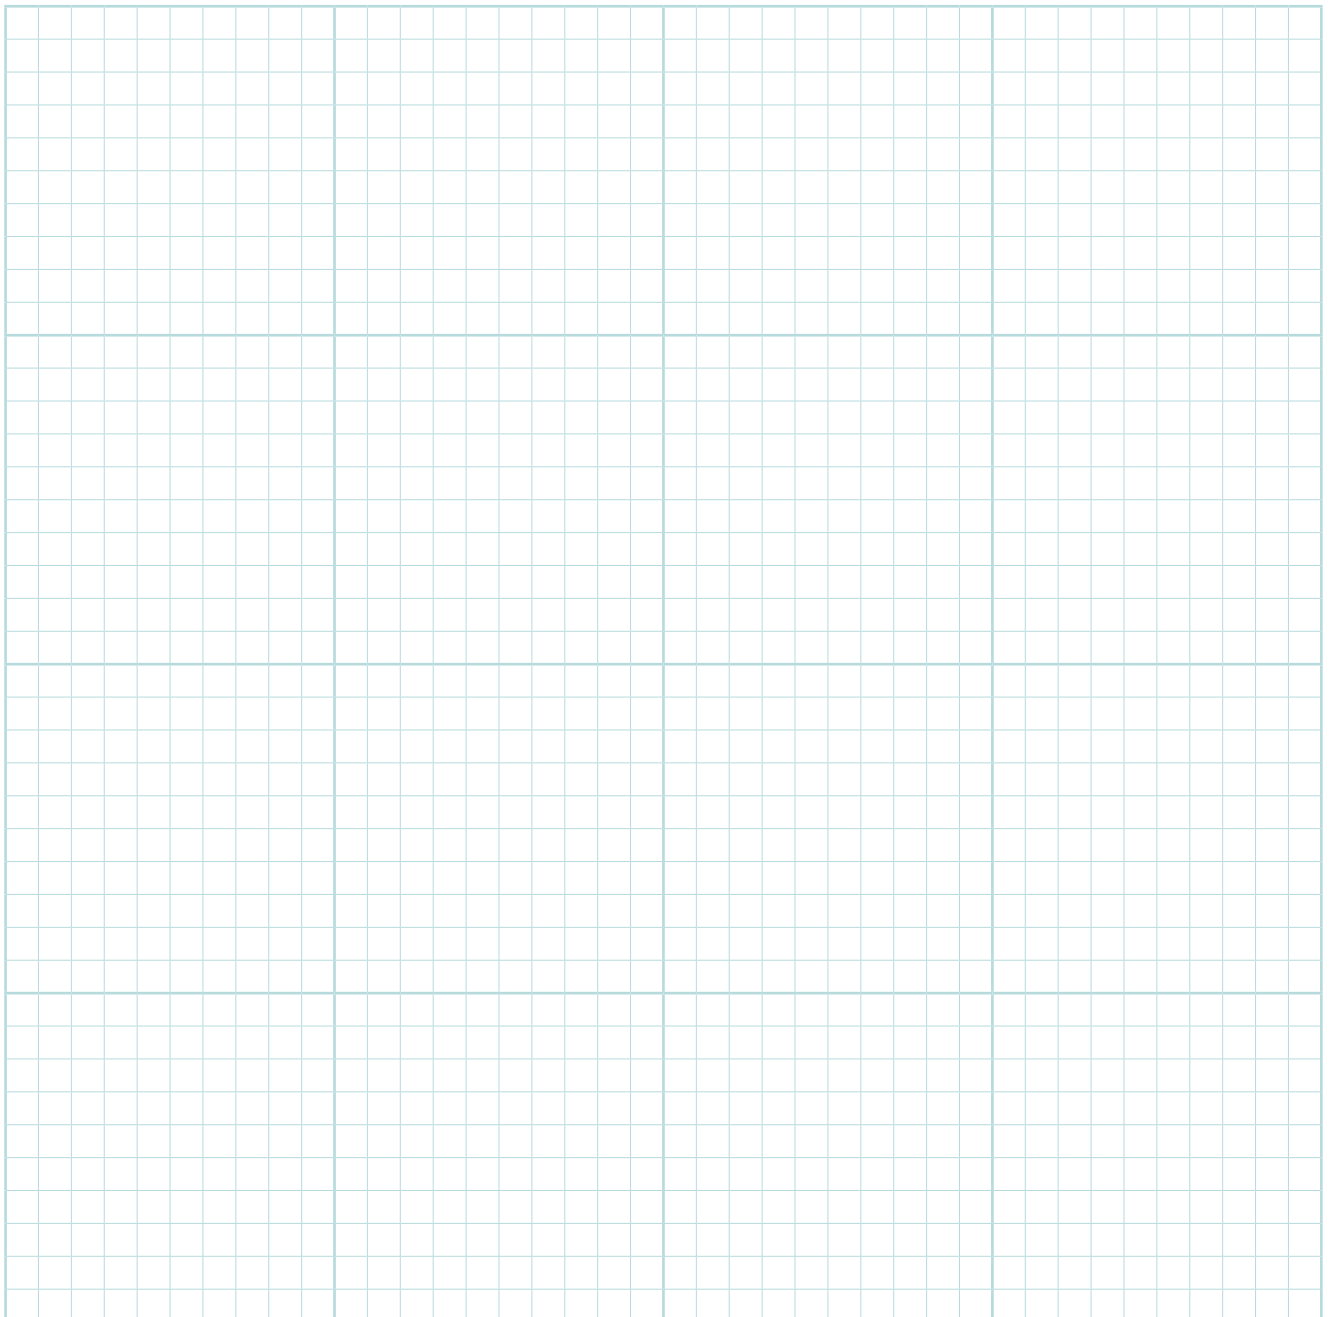

CUSTOM OPTIONS

Plan Your Layout

It's time to start drawing up your laundry layout. To start selecting your modular cabinets go to page 18.

Things to Keep in Mind

- Locations of existing and future power points, plumbing, light fixtures etc.
- Check if the floor is level.
- The amount of room that doors and windows need to open.
- The size of your washing machine and dryer.
- Access points for installation - where will the cabinets be carried in from and will they fit through the door?

Plan Your Layout

Where to use Filler Panels and End Panels in your Modular Laundry

16mm Filler Panels:

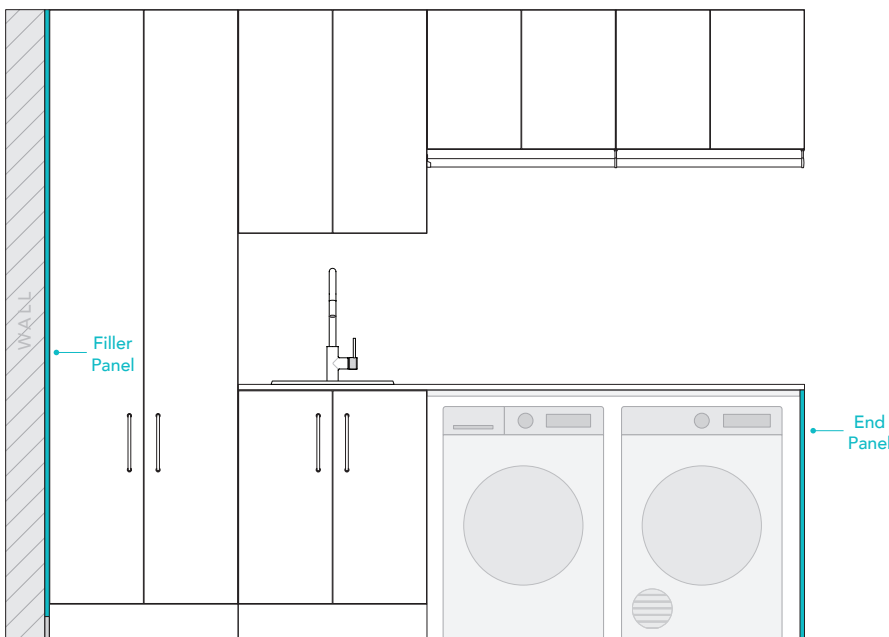

Use if a cabinet is against a wall or between walls. Filler panels allow you to plumb up walls and work around architraves. Tall 16mm filler panels can also be used as kickboard fronts if you want a continuous look.

100mm Wide Filler Panels:

Use if your filler panel needs to be wider than 16mm.

End Panels:

End panels are needed when the washing machine or dryer is at the end of the run. Please note our Modular Laundry cabinets are designed with finished ends attached.

A note on Easy Installation

Our modular laundry cabinets are fully built and arrive to you ready for easy installation.

We recommend installation by a qualified builder or tradie.

Scan QR code to view the Laundry Installation & Warranty Booklet or go to www.adpaustralia.com.au/installation-warranty

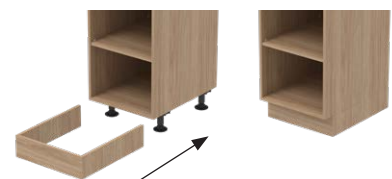

Individual cabinets arrive fully assembled and ready for easy install.

Adjustable plastic feet are provided for adjusting floor cabinet levels, up to 30mm up or down.

Front feet are simply adjusted by hand. Back feet are adjusted with a screw driver through an easy access hole.

All base cabinets are supplied with a slide in kickboard for easy installation.

Order In Store

Order Checklist

- Complete detailed drawing of your laundry design.
- Check if you need filler panels or an end panel, ensure you have accounted for these in your laundry design.
- Check measure your laundry appliances to ensure they will fit in your laundry design.
- Select all cabinet and benchtops finishes, sink, tapware and laundry accessories.
- Take your detailed drawing to retail store to complete an order form and place order (scan QR code below to find store)

Ready to order

Once you have checked off everything in the above list you are now ready to order your dream laundry! Scan the QR code or visit www.adpastralia.com.au/where-to-buy to find a store near you and place your laundry order.

Where to buy

What happens next?

- Once your order is placed through a retail store, ADP will check order details and draw up order.
- We will then send the final drawing to double check details before signing off the design.
- Once approved, we will begin manufacturing and preparing your order which is then shipped to store.
- Please check everything has been received and is exactly what you ordered. Your qualified installer is now ready to install your laundry.

Organisation Tip

Add multiple laundry hampers if space allows. They are a life-saver if you have a small laundry and want to avoid a cluttered floor. Add a rail underneath the wall cabinets to create a compact hanging space.

Maximise Storage

Choose King Height tall cabinets if your ceiling height allows and pair floor cabinets with wall cabinets to utilise as much vertical storage space as possible.

Where to use Filler Panels and End Panels

16mm Filler Panels:

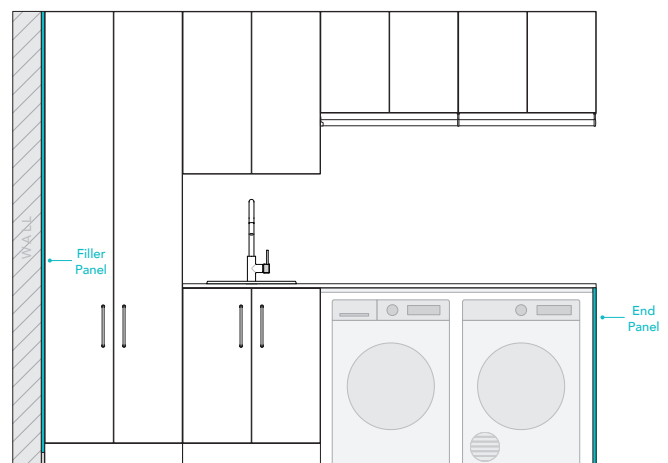

Use if a cabinet is against a wall or between walls. Filler panels allow you to plumb up walls and work around architraves. *Tall 16mm filler panels can also be used as kickboard fronts if you want a continuous look.*

100mm Wide Filler Panels:

Use if your filler panel needs to be wider than 16mm.

End Panels:

End panels are needed when the washing machine or dryer is at the end of the run. Please note our Modular Laundry cabinets are designed with finished ends attached.

Benchtop (sold with laundry cabinetry only)

20mm Cherry Pie Benchtop per lineal metre (Minimum 1m, Maximum 2.2m)*
Includes Sink cut out for ADP Sinks only, see page 30

CPTOP

\$649.00 per lineal metre

Upgrade to 40, 60 or 90mm mitred benchtop

\$409.00 (one off fee)

*Due to freight restrictions, the maximum benchtop length we can ship is 2.2m. You may join two pieces together to achieve a longer length.
Benchtop must be purchased with a corresponding sized Laundry and cannot be purchased on its own.

Custom Width Cabinets

Most of our modular cabinets can be shrunk down in width between standard sizes for wall-to-wall applications.

How to make the most of customisable widths

Use our standard sized modular cabinet to fill the majority of your laundry, then order a custom width cabinet to fit the remaining space perfectly.
