CURATED IN AUSTRALIA

— AUSTRALIAN INSPIRED

With obsession to detail, our designers are inspired by the young and vibrant spirit of Australia.

Inspired by the latest trends in interior design, we bring you the latest collection by Otti Australia.

Being in the industry as an interior designer in the building industry for many years, understanding that quality, design and price entwined makes all the difference.

Know the Difference

Upgrades Available add-ons

At Otti Australia, we curate and design our products with only the best materials in mind.

While quality and sustainability are our focus, it is partnered with industry met compliancy and warranty, knowing there is intergrity in every product we offer.

What Makes Us Different

What makes us different is our process towards "thoughtful design" and use of materials that boast many benefits, The thoughtful design process leans towards a more sustainable future for a

All Otti joinery are using plywood, that host the natural properties of layed timber sheeting that are laminated together using low VOC materials making for the best material to use in wetspaces.

Waste is managed responsibly through recycling efforts encompassing packaging, waste and supporting the community through goodwill support and disaster relief efforts.

On going maintainace such as sealants, polish or wax are not required with Otti Australia cabinets making for a more sustainable product, unlike timber vanities.

Benefits of Plywood include:-

- Water Resistant
- Durable, long lasting and strong
- Sustainable
- No maintenance required.

We stand by our product while others work with solid timer or inferior chipboard or MDF.

- Chipboard or MDF are:-
- Not water resistant
 - Damage easily
 - Shorter life span
 - Not eco-friendly.

While Solid Timber need restaining every year once it is exposed to water, use of checimals required to maintain, polish or seal.

With many years experience in manufacturing bathware, the benefits of plywood vanities out weigh the use of solid timber, chipboard or MDFs.

Standard Features:-

- Full Extrenstion Runners
- Soft Close Doors and Drawers
- High Quality detailed construction
- Perfect laminated edging
- Interchangeable ranges of basin tops, cabinets and accents to create
